

# TITAN

## TITAN WHITE PRINT

### Made to endure. Discover our white print solutions for powervehicles.

Tailored for the harsh conditions of off-road riding, TITAN delivers smooth application, vivid print results and exceptional adhesion. Stick with confidence and push your graphics to the extreme.

#### TITAN FLOW | TFW-100

Your daily fix. Use our high-end vinyl with satin white finish, impeccable adhesion and micro-channel liner for the smoothest application possible.

#### TITAN UPSHIFT | TUW-80

Looking to shift to the next gear? Our ultra-high tack rubber-based adhesive is unique in the market. For the most difficult-to-adhere applications, even in cold environments, go for upshift.

#### TITAN DOME | TDW-100

A specially developed print vinyl designed for applying smaller graphics on helmets, offering superior adhesion.

#### TITAN BLITZ | TBW-100

Our budget proof option. Combine Blitz with LAM 250 for shorter term applications.

TITAN Upshift | TUW-80

TITAN Flow | TFW-100

## Technical data
